NO PEACE SUED FOR.

President Kruger Has Not Yet Appealed for a Truce.

RELIEF OF MAFEKING

Colonel Mahon Succeeded in Reaching the Place on Last Thursday. Boers Are Still Strong at Some Points Ahead.

London, May 21.—There is no truth in the report that President Kruger has sued for peace, and no communication from him on the subject is expected in the immediate future.

The proximity of peace, according to government point of view, will remain a matter of military progress. How soon the latter may bring about the former is still too uncertain for a serious forecast on the part of any government officially.

The consensus of opinion as gleaned by the Associated Press at government offices is that the Boer delegates will exhaust every effort in the United States before President Kruger sues directly, though Lord Salisbury does not believe the delegates will accomplish much in America.

The official confirmation of the relief of Mafeking does away with the lingering doubts which existed in the minds of few people who have got into the habit of believing nothing but war office dispatches. With belated enthusiasm that department hoisted a flag on the receipt of the telegram and the crowd cheered.

Mafeking was actually relieved by Colonel B. L. Mahon, who served in the Dongola and Nile expeditions with Gen. Kitchenor.

Roberts latest dispatch merely continues his description of the organization of the transport of supplies and rest for the men that the British army in the Free State and Natal found necessary after long quick marches.

A dispatch from Kroonstadt, dated Sunday, says a British convoy on the way to Lindley was attacked by Boers and obliged to halt. The result of the attack is not known, but it is evident the Boers facing the main army are on the alert and aggressive.

The war office received the following from Roberts:

"Kroonstadt, May 21.—Mahon reports having joined Plumer at Jamsda on May 15. He was followed by a Boer commando from Maritzburg and turned westward to avoid it. On May 13 he was attacked in thick bush, losing five men killed, two missing, 24 wounded, including the Daily Mail correspondent, who was dangerously. The Boers lost more than Mahon in killed and wounded."

Buller's Advance Delayed.

London, May 21.—The war office received the following from General Roberts:

"Kroonstadt, May 21.—General Buller reports his advance will be delayed a few days on account of the way the railroad has been destroyed. Rundle reports that Ladybrand has been occupied. Hunter is pushing up the railway with supplies for the Mafeking garrison and arranging a hospital train for conveyance of the sick and wounded to Kimberley. Methuen has left Hoopstad to cooperate with this force."

AHMED PASHA'S VISIT.

There is a Conflict as to What Instructions He Received.

Washington, May 21.—Ali Ferronh Bey, the Turkish minister, is expected to present Ahmed Pasha, rear admiral of the Turkish navy, sent to the United States to place a contract for a Turkish cruiser and to settle the American missionary claims, to the secretary of state and the secretary of the navy this week.

Ahmed Pasha is expected to present himself at the Turkish legation. His statement that he would get instructions through the minister is not understood in Turkish diplomatic circles here. The understanding of the authorities has been that the admiral would bring instructions for the settlement of the dispute.

If the admiral's trip is only one of inspection, then, it is said, the authorities will be certain that the submarine port is only seeking delay and they will more vigorously exert pressure to force it to pay the indemnity.

TROUBLE FOR GERMANY.

Mataafa Disgruntled Because He Was Not Made King.

Washington, May 21.—Unofficial advice which have been received by the authorities here indicates that Germany is likely to experience trouble in dealing with the natives of the islands of Upolu and Savaii, of the Samoan group.

Mataafa, one of the Samoan chiefs, expected to be rewarded with the king-

ship after German sovereignty had been extended over the islands, and is very much disgruntled over his failure to secure the prize he has been so earnestly seeking. German officials have been placed in charge of the islands and the natives will be required to bow to German laws and regulations. Mataafa and his people are said to be very much exorcised over the policy their new government is pursuing, and in some quarters no surprise will be experienced if a revolt should occur.

BECKHAM WINS OUT.

Supreme Court Decides it Has No
Jurisdiction in the Case.

STATE COURTS RULE.

As the Circuit and the Court of Appeals
of Kentucky Have Decided in
Favor of Beckham, He Will
Be the Governor.

Washington, May 21.—The Kentucky
governorship case has been decided by
the United States supreme court in
the interest of Beckham, affirming the
decision of the Kentucky court of
appeals.

The opinion was handed down by
Chief Justice Fuller and the case dis-
missed for want of jurisdiction. He
said his court should be the last to over-
step its bounds limiting its own juris-
diction and that the determination of
cases of this character of contests for
state offices must necessarily be settled
by the political branch of government.
That branch has acted in the Kentucky

J. C. W. BECKHAM.

case when the general assembly took
jurisdiction. There was no appeal from
the assembly's decision, which was fa-
vorable to Goebel and Beckham except
to the tribunal of the people, which tri-
bunal the chief justice said, was always
in session. He said the case was purely
a state case, and that Kentucky was in
full possession of its faculties as a mem-
ber of the Union and there was no emer-
gency at this time calling for interfe-
rence.

The opinion in the case was not unani-
mous, as four of the justices dissented.
Justices Brewer, Harlan, Brown and
McKenna were the dissenting justices.

DEMOCRATS REJOICE.

Fire Bells Rang and Street Demon-
stration Made at Frankfort.

Frankfort, May 21.—Fire bells were
rung and a wild demonstration followed
on the part of the Democrats when the
news of the decision from Washington
came.

The decision of the United States su-
preme court in favor of Governor Beck-
ham means there will be the hottest
election in Kentucky for governor next
November that has ever been known in
the commonwealth.

Beckham as lieutenant governor be-
came chief executive at the death of
Governor Goebel on Feb. 3, and under
the law can serve only until the election
of his successor at the next election. It
is thought Beckham will be the Demo-
cratic nominee and Former Governor
Taylor the Republican nominee.

The election will be under the Goebel
law. Republicans will make desperate
efforts to repeal the law.

Taylor Expected Such a Decision.

Louisville, May 21.—Governor Taylor
arrived in the city from Frankfort at 11
o'clock this morning and went at once
to the customhouse. Shortly after the
decision of the supreme court was re-
ceived from Washington the governor
was seen by a reporter at the private of-
fice of Collector Sapp. After reading the
bulletin he said:

"I rather expected the decision would
be against me. Adverse rulings of the
state courts have made a sort of
pessimist out of me and I am not sur-
prised the supreme bench has overruled
the writ of error. This is not the time
to talk. I will only reiterate my former
statements regarding renomination, that
it will depend on the will of the peo-
ple."

American Sugar Refining company.

Rio Grande Rampant.

Brownsville, Tex., May 21.—The Rio
Grande has risen rapidly here in the
last few days and is now at about the
highest water mark, which means a gen-
eral overflow. Much damage will be
done the growing crops. The present
rise is from the San Juan river in Mex-
ico and the local rains between this and
the Rio Grande City.

Clark Presents No Credentials.

Washington, May 21.—The creden-
tials of Mr. Clark of Montana, as senator
under the appointment of Lieutenant
Governor Spriggs were not presented
today and the consideration of the
committee's resolution also went over

The St. Louis Strike.

St. Louis, May 21.—About the same

week by the St. Louis Transit company
continued running and efforts began to
put other lines in shape. A conserva-
tive estimate places the number of cars
now running over these lines at 200,
compared with 800 in operation under
normal conditions. The influx of non-

some cases succeed.

SIX MILES OF RAILROAD.

It Cost This Government \$342,611.84, but
Cuba Is Paying It Back.

Washington, May 21.—Assistant Sec-
retary of War Meiklejohn has made an
official statement, in which he says that
the total cost of the six miles of railroad
built by the government to connect the
piers in Havana harbor with the rail-
roads of Havana was \$342,611.84.

This is \$130,000 more than the cost as
fixed by Colonel Heicker, president of
the board, which built the road. In a
recent interview Colonel Heicker said
the total final estimates were \$211,581.74.
Mr. Meiklejohn says the road was
built as a military necessity in order
that troops can be transported to the
interior of the island without being con-
structed through the city of Havana.
The work was done as expeditiously as
possible and the government consequent-
ly had to pay for the haste.

Mr. Meiklejohn says that the cost of
construction and equipment was \$264-
617.47. "Considering the time when
the road was built and the almost insur-
mountable difficulties encountered by
reason of all labor and material being
shipped from the United States," he con-
tinued, "the cost would not properly be
regarded as excessive. The road was paid
for by this government, but the treasury
has been reimbursed from the Cuban
revenues."

BOERS WANT PEACE.

Prime Minister of Great Britain Appealed to by Kruger.

NEWS UNCONFIRMED.

The War Office Has Not Given Out the News Officially—Public Demonstrations as to the Relief of Mafeking Continues.

London, May 21.—Displayed in the most conspicuous style in the Daily Express is the dominant war news of the morning:

"We have the best reason for stating that in the last 24 hours a telegram has been received at the foreign office, addressed personally to the prime minister from President Kruger, proposing terms of peace. The exact terms of the message cannot be stated, but we believe it is couched in an exceedingly humble strain."

It is inconceivable, of course, that Lord Salisbury can have sent any reply except the one that stands ready on the lips of every Briton—unconditional surrender.

The hoisterous rejoicing over the news from Mafeking have become riots in parts of London, Aberdeen and Belfast and elsewhere in the united kingdom and several persons injured.

Details of the relief are still waiting the British military authorities being without dispatches. General Roberts wires that he knows of the relief only through a press agency. Lord Lansdowne, however, announces that the war office expects direct news every moment.

The situation in the field has changed but little since Friday. Roberts' troops are in fine form and abundantly supplied. Indications seem to point to an early movement. His cavalry, riding over several hundred square miles in a semi-circle beyond Kroonstadt, have received the submission of hundreds of Free Staters.

It now appears that the DeWet who offered to surrender with 1000 men was not the well known General DeWet, but Commandant DeWet. He stipulated that his men should be allowed to return to their farms. General Roberts replied that the surrender must be unconditional.

The Botha that was captured the other day was Philip Botha. Those surrendering are solemnly warned that if they break the oath of neutrality their houses will be burned and their farms confiscated. Such as do yield do so only for protection.

Reports flow into General Roberts' headquarters of the discouragement of the Boers and of their willingness, even in the case of the Transvaalers, to give up. President Steyn is described as having lost his head several times recently.

The Daily Telegraph is advised that a plot has been discovered at Pretoria to depose President Kruger and to surrender the Transvaal during the present month. Progressive Dutchmen and members of the judiciary are asserted to have been parties to the movement.

A Cape Town correspondent reasserts that the Irish-American ambulance corps from Chicago suffered heavily during the fighting at Kroonstadt, and that United States Consul Hay protested vainly to President Kruger against using the corps on the firing line.

General Buller is in front of Laings Nek, hesitating to attack positions of enormous natural strength. The reports that the Boers have blown up portions of the tunnel are confirmed. Although everywhere else they are reported as retreating, they have affected their retreats without losing their convoys, guns or prisoners to any extent. Were they disorganized they would strew the line of retreat with booty.

General Colville's base is Winburg. General Buller is advancing on Ficksburg, trying to catch up with the retreating Boers.

Vrede, where the Free State capital has been removed, is a village of 200 inhabitants in the extreme northeastern part of the country, on the road from Heitbron to Botha's Pass and the Brakensberg. President Steyn, when twitted about the migratory capital, is reported to have said that the Americans during the war of independence, changed their capital nine times, and yet defeated the British.

The British are confiscating the cattle of the rebels in the districts about Alwal North. Colonel Adye's men have driven in 2800 head.

The London papers are speculating as to what will be done to reward Colonel Baden-Powell. It is understood that as soon as the official news of the relief of Mafeking is received, the rank of supernumerary major general will be conferred upon him and at the same time he will be advanced to the rank of knight commander of the Bath. Possibly a baronetcy will be conferred upon him.

London continues to pay honor upon Colonel Baden-Powell. Telegrams, letters and flowers arrived almost every minute on Sunday at his mother's home. It took six policemen to keep the crowd in order. Mrs. Baden-Powell appeared upon the balcony at intervals and bowed her acknowledgements to the crowd.
